CONCENTRATION

It was a contest of sheer brute strength, as muscles tensed in table-top combat between the beautiful contestants vying for the ladies armwrestling championship in Minden last Tuesday night. To a background of groans and cheers, Lynda Irwin, left, of Sir Sandford Fleming College, Lindsay, fought her way to the championship. Here, she outmuscles Ruth Taylor, also of Sir Sandford Fleming. For more pictures of this event, see page 17.

Office 286-1760 Secretary-Manager Res. 457-1110

The Haliburton Highlands Chamber of Commerce

You can blame this weather on the Haliburton County Snowmobile Association and the Haliburton Highlands Cross Country Club. They've been going around ever since Thanksgiving encouraging everyone to 'THINK SNOW'. Well it worked, and we've not only got the snow but the cold weather to sustain it and stiffen up the lakes. In the meantime we're still rushing around here at the Chamber office trying to get our book of cross country ski trail maps and snowmobile trail maps completed and ready for distribution before we get too much further into the season. Hopefully we will have ski trail maps available this week and the snowmobile maps very shortly thereafter.

Last week we attended the directors meeting of Central Ontario Travel Association in Peterborough and advised them of the resolution passed by the directors of our Chamber. That resolution was that we remain a member of Central Ontario Travel Association only if that association were to return to its original status of six participating tourist councils as originally constituted, and that the membership fees remain the same. Well over an hour was spent at the meeting discussing our announcement and the reasons for it. Directors from Quinte Isle, Highlands of Hastings, and Kawartha Tourist Association, all suggested they would remain in C.O.T.A. if they could just raise that much money -- which was going to be extremely difficult for all of them. Great Pine Ridge and York-Simcoe are not represented on the board, their tourist councils having previously fallen by the wayside. We made it very clear that Haliburton was not withdrawing because we couldn't raise the funds, but because we disagreed with what was happening to C.O.T.A. and the direction it was going, and the benefits compared to the input required were not financially realistic. It has been suggested that our Chamber should remain a member and fight these causes from within. We have been doing just that for the past three years but now feel that \$4,000 per year is just too high a price to pay for this privilege. An important thing to remember is that Haliburton Highlands is still part of Central Ontario, and will continue to be so even though the Chamber withdraws from the organization. The mandate for the travel association is to represent the described region including the Haliburton Highlands, so that we will still be identified on maps in their brochures and included in any other advertising they produce. We simply will no longer be represented on their board, will pay no Chamber funds into its operation, and will now be able to decide how best to spend our promotional dollars to suit our own region without concerning ourselves with ministry guidelines. There are many things about the concept of C.O.T.A. which could have been advantageous to us, but the ministry has insisted on dictating the overall policy to their board and regretfully it is becoming just another branch of the government. The intended increase in membership fees are being asked for at the insistence of the ministry, which is necessary to help maintain a large office with a full time staff that the ministry insists we have, whether we needed it or not. We are pleased to welcome into the community Wayne Hughes who is the new clerk-treasurer of the Municipality of Lutterworth. Wayne replaces Bev Millar who recently moved to the position of assistant clerk administrator of Anson, Hindon and Minden. Wayne comes from the Bobcaygeon area and is relatively familiar with our region and looks forward to becoming a full time resident here. We hope you all make him feel welcome.

Folks in the Minden area will have no reason to go hungry following the opening of two new take-out food establishments this week. Larry Medley who has already established a reputation for super pizza in the Village of Haliburton is opening his second location next door to Mike's Milk and offering the same top quality product. Considerable renovations have been going on for some weeks to the building and Larry obviously intends the establishment to be very permanent in nature at that location. Gary Wootton also expects to be open this week, next door to the Rockcliffe Hotel. Gary has a mobile catering van which specializes in fish and chips, hamburgers, hot dogs and hot chili. He will be operating from this location from now until the Rockcliffe's own snack bar opens in the summer. We hope the residents of Minden will make both of these new establishments welcome without spoiling their diet too much.

The Haliburton Guild of Fine Arts are holding a draw on some articles of pottery donated by local potters. The pottery is on display at the Bank of Montreal in Haliburton and the Bank of Commerce in Haliburton and Minden, and the draw will be held on the weekend of the Minden Winter Carnival. Draw tickets are available from all members of the Haliburton Guild of Fine Arts and for more information you may contact Judy Phillips at 286-2316.

Hitch-hiking thief caught riding in police cruiser

A 20-year-old Haliburton man who tried fleeing the scene of a crime in a police cruiser, came to a sudden stop last Thursday evening, when O.P.P. Constable Clendenning realized that the person he was looking for was the passenger sitting next to

him. It all began when a resident of the Flamingo Cabins observed a man removing bedding and a chain saw from one of the cabins. When the resident yelled at him, the thief dropped the stolen items and ran for cover.

His rather hasty departure, however, turned into a hasty capture when the culprit tried hitch-hiking minutes later and was offered a ride by Constable Clendenning who was on his way to the scene of the crime. When the officer obtained

a description from witnesses of the would-be thief that was identical to that of his non-plussed passenger, he asked him if he was responsible.

He admitted that he was, and the police officer promptly charged Christopher Morrow with theft under \$200.

MUNICIPALITY OF ANSON, HINDON AND MINDEN

NOTICE

To all property owners in the
Townships of Anson, Hindon and Minden,
Townships of Dysart et al
Township of Stanhope
Township of Snowdon
Township of Lutterworth
Townships of Luxton, Digby and Longford
Town of Bracebridge
Township of Lake of Bays

NOTICE of application to The Ontario Municipal Board by the Corporation of the Township of Anson, Hindon and Minden for approval of a by-law to regulate land use passed pursuant to Section 35 of The Planning Act.

TAKE NOTICE that the Council of the Corporation of the Townships of Anson, Hindon and Minden intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of The Planning Act for approval of By-law 77-60, passed on the 2nd day of November, 1977. Provisions of the said by-law are furnished herewith.

By-law No. 77-60
BEING a By-law to amend By-law No. 14-67

WHEREAS authority is granted under Section 35 of The Planning Act, R.S.O. 1970, subject to the approval of The Ontario Municipal Board, to the Council of the Corporation of the Townships of Anson, Hindon and Minden, to exercise such powers.

THEREFORE the Municipal Council of the Corporation of the Townships of Anson, Hindon and Minden enacts as follows:-

THAT the numbering sequence of By-law 14-67 be amended in the following manner as they apply in the amending By-law to By-law 14-67.

1. That clause 4.17 as outlined in Amending By-law be amended to read as clause 4.18.

READ a first, second and third time and passed this 2nd day of November, 1977.

Signed Reginald Booth, Reeve
Signed Elinor Burke, Clerk

The Council of the Corporation of the Townships of Anson, Hindon and Minden has passed By-law 77-60 to correct a numbering error contained in previous By-law 76-60.

ANY PERSON INTERESTED may, within twenty-one (21) days after the date of this notice, send by registered mail or deliver to the clerk of the Townships of Anson, Hindon and Minden notice of objection to approval of the said by-law or any part thereof and shall indicate that if a hearing is held the objector or an agent will attend at the hearing to state the objection.

ANY PERSON wishing to support the application for approval of the by-law may within twenty-one (21) days after the date of this notice send by registered mail or deliver to the clerk of the Townships of Anson, Hindon and Minden notice of his support of approval of the said by-law together with a request for notice of any hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the clerk undersigned, the address to which such notice of hearing is to be sent.

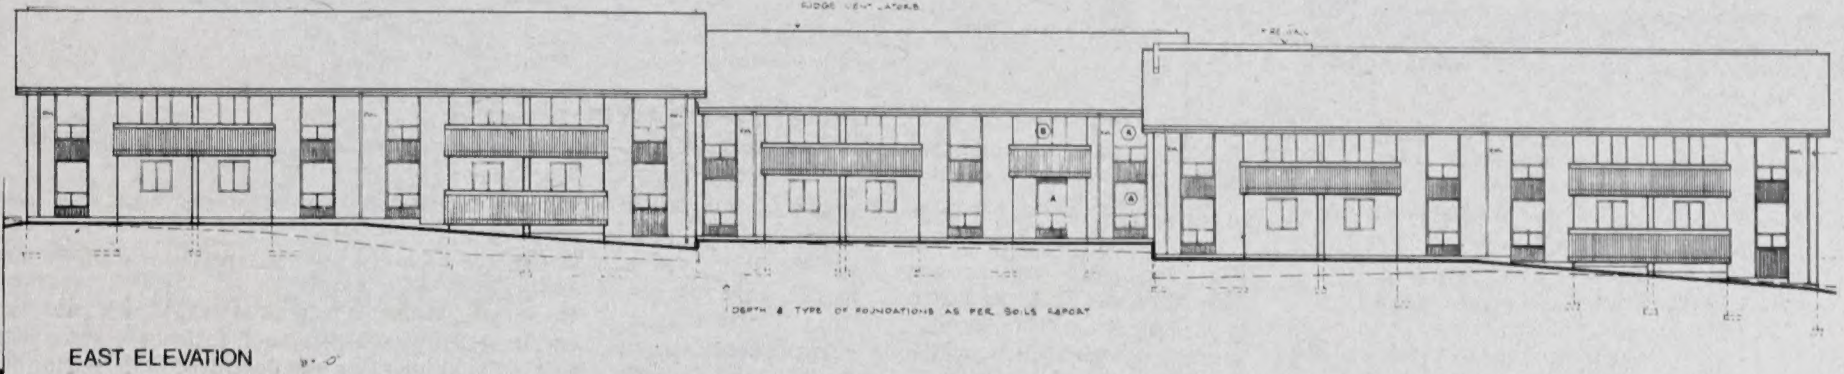

THE LAST DATE FOR FILING OBJECTIONS will be December 30th, 1977.

DATED at the Townships of Anson, Hindon and Minden this 7th day of December, 1977.

Elinor Burke, A.M.C.T.,
Clerk-Treasurer,
P.O. Box 98, Minden, Ontario, L0M 2K0

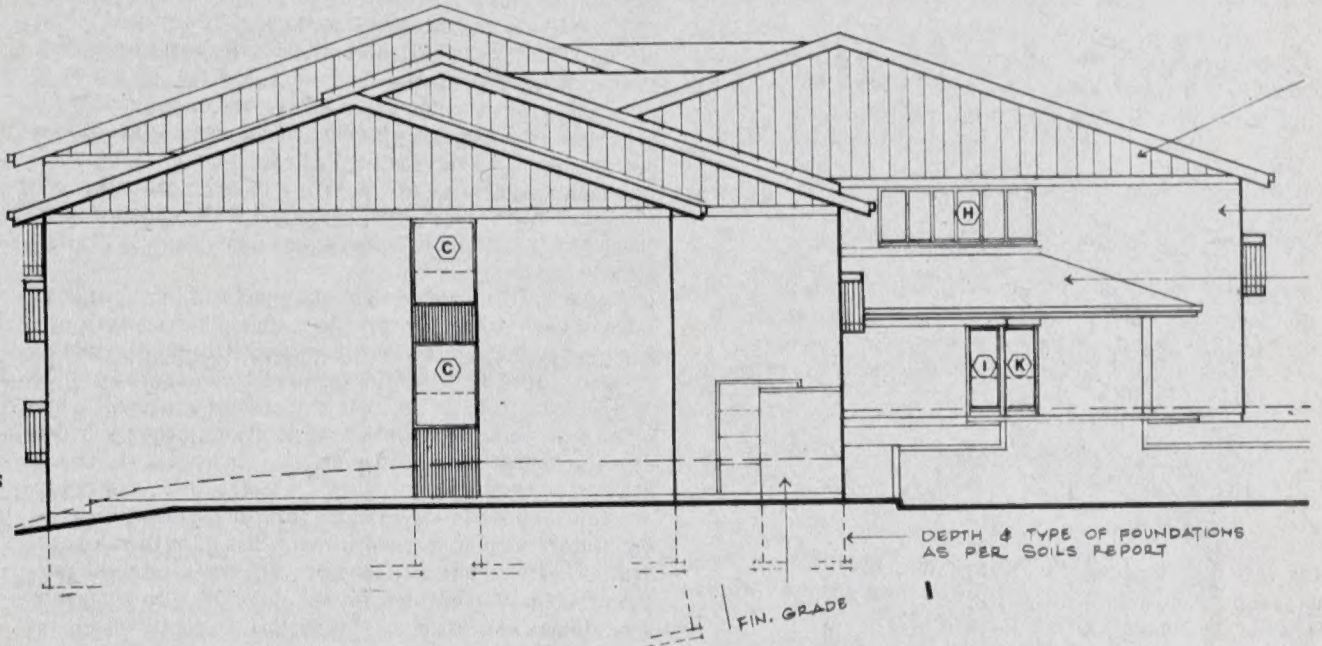

FURTHER TAKE NOTICE that By-law 77-60 is available for perusal by any person at the Minden Municipal Offices during normal working hours.

Apartments for Haliburton senior citizens get green light

A 35-unit Senior Citizens apartment will be built in Haliburton Village by the Province of Ontario next Spring but officials are keeping mum on its anticipated costs until all tendering for the project has been completed. Monday, Dysart council accepted the Ministry of Housing's preliminary plans for the project. The two-storey structure, to be located on Mountain

Street, will contain 35 one-bedroom apartments. Each unit will boast 650 square feet of living space. The upper level units have been designed with individual balconies overlooking Head Lake while each lower level unit will enjoy its own patio. The presentation to council was made by Sydney Palmer, a representative of the Ministry.

Woe Is Mail

Canada's post office is inefficient, unreliable and costly.

Earlier this week postal service across Canada was briefly but substantially disrupted by an illegal strike of the Canadian Union of Postal Workers who managed to bog down close to four million pieces of mail in the process.

Once again militant postal workers have demonstrated a 'don't give a damn' attitude towards Canadians and their mail.

And this has happened so many times over recent years one suspects that post office management and the 'Ottawa Octopus' really don't give a damn either.

Whatever class it travels under, even first class, mail and parcels can not be relied upon to arrive at their destinations either promptly or intact.

We know of one instance earlier this year of a parcel arriving somewhat late here in Minden. It had been mailed at Montreal in 1973, four years earlier.

Could it be that many of the militant postal workers in large centres such as Toronto are too preoccupied with their internal problems at the post office to give mail delivery the attention it must have?

We don't know, but along with most other Canadians we know the system isn't working either efficiently or reliably.

Would our postal service be more efficient and reliable, less costly, if it were operated as either a private or crown corporation?

We suspect it would.

Certainly, it couldn't get much worse!

Report from Queen's Park

John Eakins, M.P.P.

Based on a survey of 757 school systems enrolling about half the public elementary and secondary students in the U.S., vandalism in schools costs about \$600 million a year - more than was spent on textbooks in 1972, and sufficient to hire about 50,000 additional teachers. In addition to vandalism, students are venting their frustrations in more bizarre ways. Each year, there are some 70,000 serious physical assaults on teachers, and hundreds of thousands of assaults on students - an increase of 58 per cent in the period from 1970 to 1974. Sex offences were up 63 per cent, drug-related crimes 81 per cent and robbery 117 per cent. Hopefully, the situation is not as serious in this country - yet. Nevertheless, there is considerable cause for concern, for vandalism is increasing, and rapidly. One of the most common, frustrating and puzzling of criminal activities, vandalism has occurred in every age, yet little is known about those who do it, why it happens, and more importantly, how to stop it.

In Metro Toronto, in the first six months of this year, one third of one borough's budget to maintain bus shelters was used to pay for damage caused by vandalism; 25 per cent of another borough's roadside-planted trees are broken or stripped each year. Portable classrooms are burned, fire hydrants turned on, bicycle tires or chains thrown at hydro transformer stations, and countless windows are broken in schools or municipal buildings. In Metro, wilful damage to municipal councils - everything from picnic tables to parking meters - costs taxpayers more than \$2 million a year. Sault Ste. Marie has a 33 member task force to investigate the problem of vandalism. A sub-committee on damage to educational establishments reports that replacement and repair costs the separate school board about \$13,000 a year out of a \$1.5 million plant services budget for its elementary schools.

In one three-month period, 111 acts of mindless destruction caused more than \$19,000 damage in Nepean Township. Police in the area maintain that statistics show only the tip of the iceberg, because much vandalism is never reported.

Also less than 10 per cent of those responsible will ever be arrested.

One recent week-end spree in Sarnia by vandals cost an estimated \$20,000 damage.

In schools, the usual point of attack, is windows - for example at Brennan high school, in South Western Ontario, nearly \$3,000 in glass was destroyed in the spring of this year. The Windsor public school system puts a price tag of about \$40,000 a year on windows. For 1975, a total of \$160,000 was spent by both city school boards to repair vandalism - much of this as a result of deliberately set fires.

There is a line which sharply divides childish pranks and criminal vandalism. Unfortunately, it is a line not always visible to many people who get their kicks from destroying property, who find amusement in ransacking a school, damaging public buildings, or pushing over cemetery headstones.

People who are guilty of destroying property should be held accountable for their actions. That seems to be the approach taken by the courts recently. In sentencing some young men convicted of breaking and entering, in which there was vandalism, Essex County Court Judge Joseph McMahon put into words what is becoming a general feeling. He said that it was time the courts started being concerned about the people affected by crime and spent less time being concerned about the 'poor accused.' A natural result of that kind of thinking could possibly be the requirement that

vandals be made to compensate their victims.

That idea is, in fact, part of a resolution emanating from Wallaceburg and accepted by the Association of Municipalities of Ontario, which also calls for stiffer fines for those guilty of vandalism, with the possibility of jail sentences for repeated offenders. Wallaceburg's interest is obvious. The town paid \$32,000 for property insurance last year - up from \$26,000 for the previous year - and the mayor attributes much of this to vandalism.

Report from Parliament

by

William Scott M.P.

Canada's faltering plastics industry is faced with a new and potentially disastrous threat to its existence in the latest round of GATT tariff negotiations presently in progress in Geneva, Switzerland.

GATT stands for General Agreement on Tariffs and Trade, and serves as a vehicle for regulating trade among the principle trading nations in the free world. Among its aims is the equalization of trading and marketing between the smaller and larger trading partners, and the prevention of unfair practices designed to give any nation a competitive advantage.

The GATT policies and guidelines are supplemented with our own domestic policies, such as our Anti-combines and Anti-dumping legislation. Even with these regulations though, the marketplace cannot be totally regulated, and this is being brought home to us dramatically by the state of affairs in our plastics industry.

Canada is the world's largest per capita importer of finished plastic products. We import more plastic products than even the U.S., which has ten times our population. In addition, the Canadian plastics industry imports all but a fraction of its requirements in raw plastics, mostly from the U.S., and this makes our own domestically-produced plastic products more expensive than those from other countries that produce their own raw plastic.

The present threat to the Canadian plastics industry is contained in a proposal from the United States at the GATT meetings, to reduce the tariffs on manufactured goods flowing between member nations by 50 per cent. A similar proposal from some European partners would cut tariffs by about twenty-five per cent.

Either proposal, if adopted, could spell the beginning of the end for Canada's plastics industry. Our only hope is to have GATT make an exception in the case of plastic products, and so I asked the Minister of Industry, Trade and Commerce during Question period in the House of Comm-

ons last Thursday if he would seek such an exception from GATT.

The Minister was noncommittal, saying only that he would keep an eye on the situation. That is not good enough. This is a critical situation, and we should be going all out to win our case.

It is not unusual for GATT to make exceptions to tariff agreements. It is done all the time, and we have a very strong case for our request for an exception for plastic products. If the tariff is greatly reduced our own plastics manufacturers would be tempted to move to the U.S., where they could produce their products more cheaply, and sell them in Canada, where they would be more competitive than Canadian-made plastic products.

Our plastics industry needs time to adjust to a changing market if it is to survive. One bright star on the horizon is the Petrosar Corporation in Sarnia, which will go into production next year. Petrosar will produce a large part of the Canadian requirement for raw plastics, which in turn will reduce our production costs of finished plastic products.

There are over 1,400 plastics processors in Canada, employing more than 45,000 people directly, and many more indirectly. They do an annual business of about two billion dollars, and it is important that we take steps now to protect the future of this vital industry.

I am personally concerned that the tariffs on plastics products remains in place because we have a branch plant of Union Carbide Canada Limited in our riding, and they are deeply involved in producing plastic products. I am not a voice in the wilderness, though, because Union Carbide management in Toronto have contacted me to express their concern over the threatened tariff reductions. The Union Carbide plant in Lindsay employs about 430 people, and I don't want to see those jobs placed in jeopardy. We can save them if our government presents our case forcefully enough at GATT.

OTTAWA and Small Business

Tomorrow is Almost Here

by JIM SMITH

This is an essay on the future, a subject of particular appeal to erstwhile writers since, by the time anyone can prove the predictions wrong, it's too late to matter.

Futurists have gone out on a limb with variable results. Dr. James Lockhart, a biologist at the California Institute of Technology, for instance, suffered a stroke of bad luck when he predicted, in 1959, what would happen by the end of the next decade. "Ten years from now," the good doctor pronounced, "you will be able to sit on a lawn that needs no mowing and reach up to pick a normal-sized peach from the low branches of a dwarf tree." So much for futuristic infallibility.

The following thoughts are presented without the slightest suggestion of their infallibility. If, 60 years from now, they are shown to be wrong, I don't want to hear about it.

As we've noted here before, it will soon be possible, through electronic hookups, for any worker not involved in manufacturing to work at home rather than commuting to an office. Intercity conferences will be held without the participants ever leaving their own boardrooms.

This technology is closer than you may think. The Canadian Federation of Independent Business, tired of inefficiencies in the Post Office, has been investigating a device which will transmit photocopies of printed documents over telephone lines — almost instantly.

The implications of this sort of communications break-through are staggering. Besides signalling the beginning of the end for the Post Office, virtually all business travel will become obsolete. Society will change dramatically.

Industrial empires — think of the effect on the auto industry or hotels or airlines — will tumble. New fortunes will be earned overnight; imagine the profits to be earned from a wrist telephone, for instance.

Cities could be bankrupted as workers move far away from their "offices". On the other hand, if they can survive the loss of assessment, cities would also become more humane, free of dependence on the automobile.

The rural areas will be deluged by demand for serviced residential land. In the short run, it will be impossible to provide enough serviced land. But, in the long run, rural Canada will cease to be the poor relation of urban Canada.

Entrepreneurs will find the rapid changes exhilarating; hidebound traditionalists will be staggered. The next generation of dominant business leaders will be those who accurately predict the changes and act accordingly.

But, above all, the changes will drive home one point which is so often overlooked in our society: politicians do not create change; rather, they are controlled by changes beyond their grasp. The fortunes of our cities will not be affected by the actions of the urban political leaders.

The future is coming. Like it or not.

The Canadian Federation of Independent Business ©

Kin Korner

by Warren Payne

It's getting close to Christmas and the Minden Kinsmen are well under way with projects.

The Winter Carnival Jan. 27, 28, 29 is just around the corner and preparations are going well.

The main event at the Winter Carnival is car races on ice. The track is now under construction with members brushing and flooding.

Sun. Dec. 11 was the kids Christmas party at the Wagon Wheel and fun was had by all.

This year the Kinsmen have added two sets of bleachers to the now completed ball park for spectators. These bleachers are portable and can be moved anywhere for use at other events. Winners of our November Marathon Draw were: Dave Waite — \$100; Len Allison — \$50 and Doug Pritchard — \$50.

One of Kinsmen's main objects is to 'serve the community's greatest needs'. If we can help in any way, don't hesitate to ask.

LETTERS

December, 1977

To the Editor:

Would you be kind enough to place this announcement in your 'letters to the editor' column or a similar place in your newspaper. We are anxious to contact as many former students of the Fort Erie Secondary School as possible. Your helpful co-operation will be gratefully appreciated.

Thank you.

Yours truly,
N. L. Pring, Principal,
Ms. Ellen Merrin — Chairperson
The Fort Erie Secondary School
50th Anniversary Reunion
'78 Committee

Calling all former students of the Fort Erie Secondary School home to the town that skirts the border to mark the 50th anniversary of the school, May 12 and 13, 1978! Mark the date on your calendar and Pass the Word On to as many other former students as you can. Tentative plans include a reunion dance, golf, a 'memories' reception at the school and several other activities. Mather Public School is, as well, celebrating its 50th anniversary and it is planned that May 12-14 will be turned into a real 'Old Home' weekend. Your help

is needed, though, to make this event a success. Those interested in attending are asked to contact the Reunion '78 Secretary, Mrs. M. McMillen at the school, Tait Avenue, Fort Erie, Ontario L2A 3P1, (416) 871-4610, as soon as possible.

The reunion committee also invites parents, relatives

and friends of former students to write these people and urge them to contact the school. We aren't promising any cannon firings at Old Fort Erie, but we're sure all former students will get a 'bang' out of this 50th anniversary reunion.

BUSINESS SCENE

Lodge gets new owner

Last July, Bill Smith and his wife Sandra, purchased Elephant Lake Lodge in the Harcourt area. The lodge is well known for its recreational facilities including scenic snowmobile trails; cross-country skiing; hunting and fishing. Bill and his wife have the boys and a girl, and prior to moving to the Highlands lived in Woodstock where he was materials manager for Gardner-Denver. For Bill, who hails from Marmora, purchasing the 80-person capacity lodge and moving to the Highlands is a long-awaited move that brings he and his family closer to the area they love and enjoy.

When two separate school bus accidents occur 24 hours apart, at exactly 4.15 pm, on the same highway, with identical damage to two passenger cars, both driven by female residents of Stanhope township...then truth begins to sound stranger than fiction.

"Believe It or Not"it happened on 35

When two separate school bus accidents occur 24 hours apart, at exactly 4.15 pm, on the same highway, with identical damage to two passenger cars, both driven by female residents of Stanhope township...then truth begins to sound stranger than fiction. Anyway, that's what happened to two Minden brothers, Harold and Eldon Deacon, last week. On Monday, Harold Deacon was driving a Mercury school bus at the junction of Highway 35 and Matabannick Inn Road, when it collided with a parked car driven by Mrs. Ernie Francis, of Stanhope Township. Then, on Tuesday, Eldon Deacon was driving a Mercury school bus at the junction of Highway 35 and Horseshoe Lake Road #2, when it also collided with a car, this time driven by Barbara Ballantyne, also of Stanhope Township. Neither bus was seriously damaged but both passenger cars suffered the loss of an entire left front fender. Naturally, both accidents were investigated by the same O.P.P. officer, Constable Gary Chapman, who charged one of the bus drivers, Eldon Deacon, with failing to yield. Statistically speaking, the same accident could happen twice, at exactly the same time, on different days to different people, but try explaining it to an insurance company!

Some spider webs if straightened out would span 300 or more miles.

"Is it true I'd now have to work longer to collect Unemployment Insurance?"

Yes. Parliament has decided that the qualification time should be longer everywhere, and that people who live in areas of high unemployment should be given certain advantages over those who live in areas where jobs are more plentiful. Which means that you now need more insurable work weeks to qualify for Unemployment Insurance benefits.

"I can see why. But just how long would I have to work to be eligible?"

From 10 to 14 weeks, depending on where you live.

In regions of low unemployment, claimants need up to 14 weeks of insurable employment to get UI benefits. This will only happen in places where it's easier to get and keep a job.

In regions of high unemployment, claimants now need as little as 10 weeks to qualify.

"Does this mean I'd get less or that the payments wouldn't last as long?"

No change in payment amounts. The UI benefit rate stays at two-thirds of your average weekly insurable earnings.

The maximum is \$147, less tax.

The maximum time for which anyone may receive benefits has changed slightly, however. The old maximum was 51 weeks. Now it's 50 weeks.

But since September 11, the total number of weeks for which a claimant qualifies has more closely reflected the unemployment rate in his or her region.

Right now, we measure unemployment by dividing Canada into 16 economic regions.

Later in 1978, we will fine-tune the program to 54 regions so that UI will be even more closely related to local labour market conditions.

"What else is changing about UI?"

Not much.

The basic two week waiting period remains the same everywhere. And so do the rules on the waiting period when a claimant has left his or her job for no good reason or been fired for misconduct. In such cases, a claimant may have to wait up to eight weeks from when employment ends until benefits start.

Then there's maternity, sickness and age 65 benefits.

Previously, sickness benefits were only payable during the first 39 weeks of the claim. Now they're payable at any time during the entire benefit period.

Maternity benefits of 15 weeks and the special one-time benefit (equal to three weeks' benefits) at age 65 remain the same.

The same people still pay for the program in the same proportions, and the types of employment insurable for UI remain the same, too.

"Would I still go to the same UI office to claim?"

As explained in the box below, you still go to the familiar locations for both UI offices and Canada Manpower Centres. Watch for changes in your area.

Unemployment Insurance has changed for everyone's benefit, including yours. All we ask is that you remember your obligations as well as your rights.

If the need should ever arise for you to come to us, we'll make sure you get all the UI benefits to which you are entitled by law. But you must keep up the search for a new job all the time you're getting those benefits.

The Unemployment Insurance Commission and the Department of Manpower and Immigration have become the Canada Employment and Immigration Commission. For a time, you'll still see our local offices identified as Unemployment Insurance offices or Canada Manpower Centres. When they're together in one location, they'll be called Canada Employment Centres.

Working with people who want to work.

SNOW TIME IS COUNTY CLEANUP TIME

by Don Wolfrain

During the aftermath of last Friday's snow storm, the Progress decided to see for itself just how this massive job of cleaning up the village streets and county roads was accomplished.

Hitching a ride on some of the most powerful equipment this reporter has seen he soon discovered why the condition of our winter roads are considered by tourists and residents alike to be the best in the entire province.

The problem of course is one of organization...for example, how do you go about organizing an operation covering 127.5 miles of county roads that stretch from Eagle Lake to Harcourt?

Well, you do it with a dedicated staff, plus plenty of radio-dispatched snow plows and sanding trucks that somehow appear everywhere at the same time.

In fact, in travelling most of those 127 and-a-half miles with one snow plow, I heard only one disparaging remark about the snow clearing efficiency of our county roads department, and that was from a student who told me that they were just too good... 'every time we have a bad snow storm' he said, 'the darn roads are plowed and I have to go to school!'

I for one, would like to say 'thanks' to the many hard-working township and county workers who continually strive throughout the year to make our roads not only safe, but the journey possible.

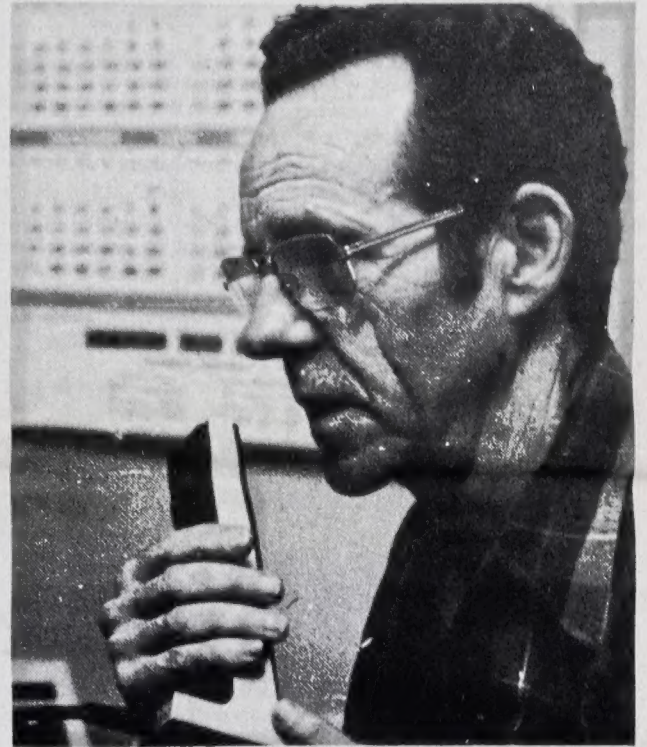

The mighty plow blade forges ahead and back, back, back goes the snow.

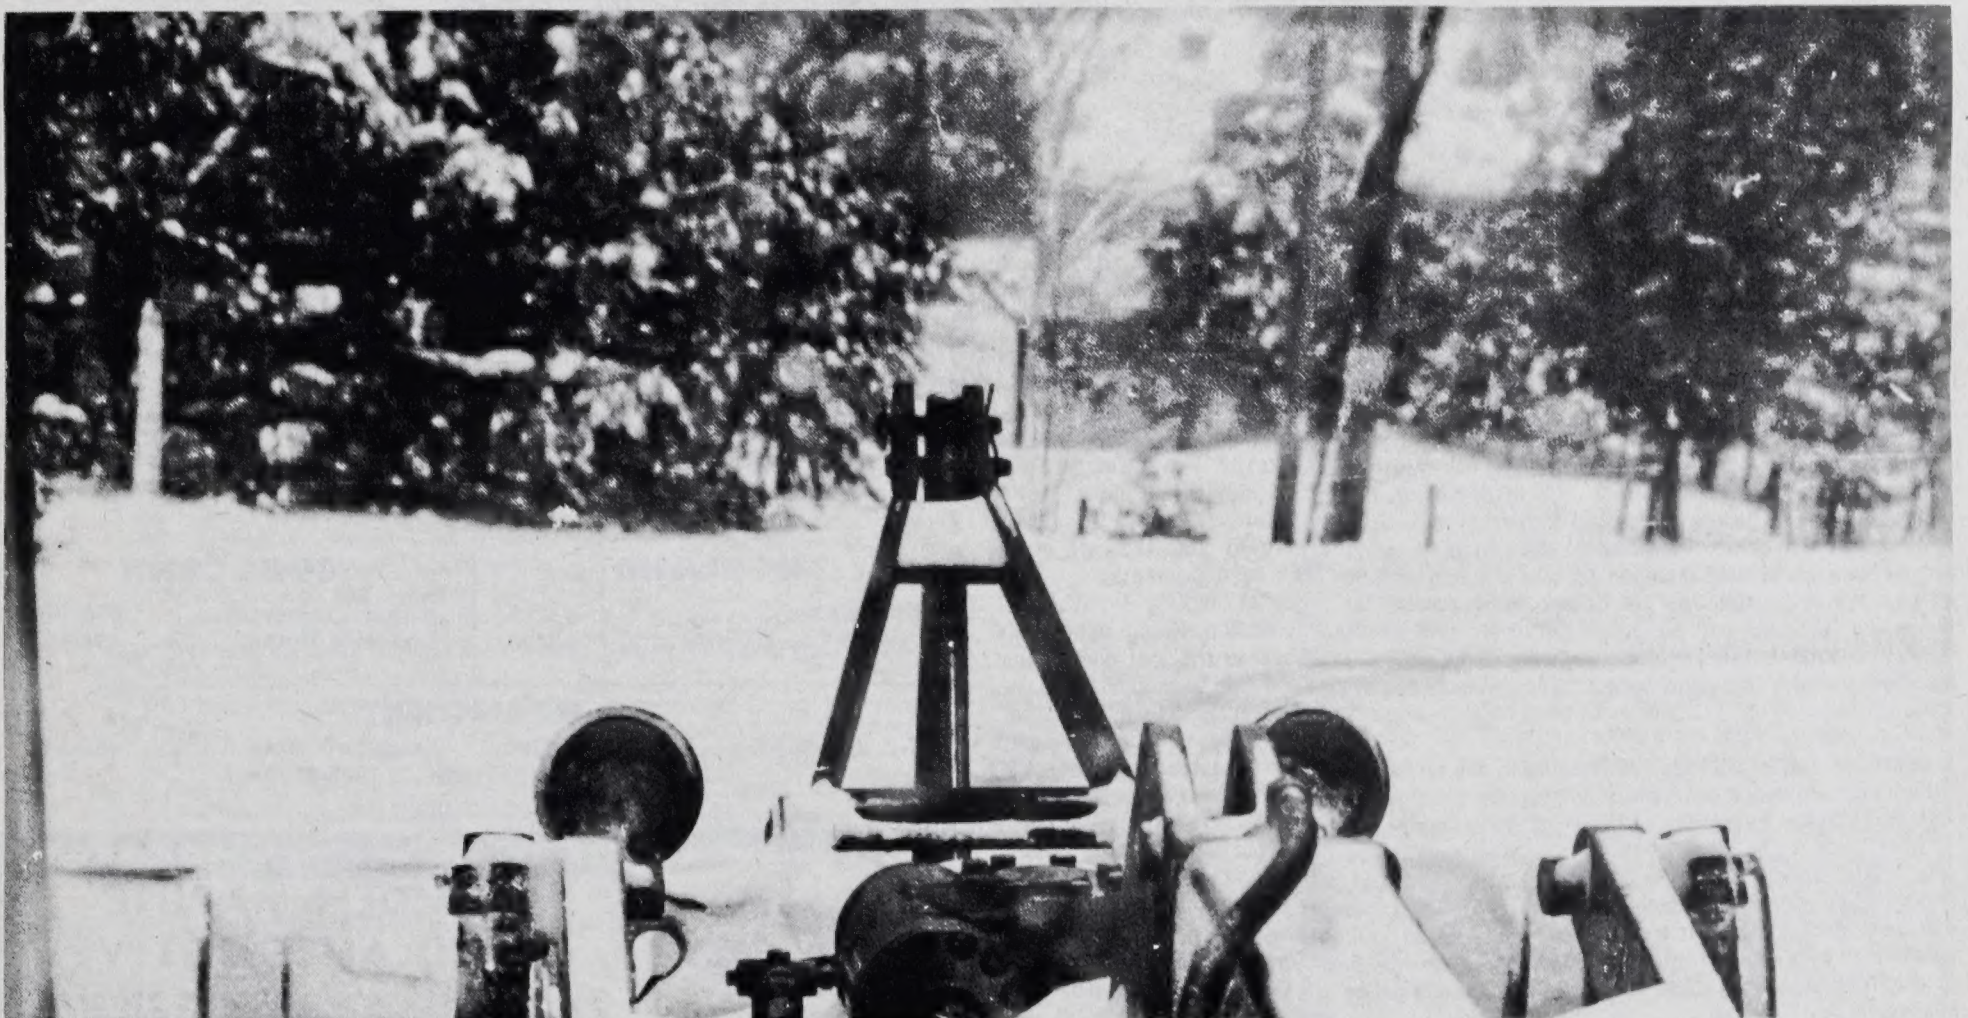

The combination of expert operators and top equipment will tell every time, even

when the competition is piled-high snow.

Halliburton County dispatcher Norm Johnston guides his snow plowing and sanding crews by radio.

Even during a blizzard the view ahead from atop a snow-clearing grader can be beautiful.

Up Haliburton low-cost housing project to 23 units

The Senior League

The past week at Hyland Crest was rather quiet JUST ROUTINE, with Fun and Fitness, Crafts, Bingo, Teas and Sing Song. But we have a poem we would like to share with you.

THE PRICELESS GIFT OF CHRISTMAS

Now Christmas is the season for joy and merrymaking, A time for gifts and presents, for giving and for taking, A festive friendly happy time when everyone is gay, But have we ever really felt the greatness of the day? For through the centuries the world has wandered far away From the beauty and the meaning of the Holy Christmas Day. For Christmas is a heavenly gift that only God can give, It's ours just for the asking for as long as we shall live. It can't be bought or bartered; it can't be won or sold; It doesn't cost a penny and it's worth far more than gold; It isn't bright and gleaming for eager eyes to see; It can't be wrapped in tinsel and placed beneath a tree; It isn't soft and shimmering for reaching hands to touch, Or some expensive luxury you've wanted very much. For the priceless gift of Christmas is meant just for the heart And we receive it only when we become a part Of the Kingdom and the Glory which is ours to freely take For God sent the Holy Christ Child at Christmas for our sake So man might come to know Him and feel His presence near And see the many miracles performed while He was here. And this priceless gift of Christmas is within the reach of all The rich, the poor, the young, the old, the greatest and the small. So take His priceless gift of love, reach out and you receive And the only payment that God asks is just that you believe.

Helen Steiner Rice

Burr! Winter is here. Judging by the news and pictures in the papers we still have not had the drifting snows they have had in Hamilton and Toronto and elsewhere. Our Highway boys have been doing a good job keeping the roads cleared and if everyone keeps their speed down there should be no cause for accidents.

Had several calls about the big bird I mentioned in last week's column. It was a Pileated Woodpecker and evidently around Horseshoe Lake and Mountain Lake and over at Kushog they have been seen by the Robbs, the Donnellys and Mrs. Jean Wheeler and others. Thanks so much for calling in; we have since looked up all the data we can find and now we know we might be fortunate enough to see this big bird flying about our yard from time to time. Our cute wee chickadees are having a glorious time flying in and out of our new bird feeder.

Well, the St. Stephen's annual Christmas dinner and Party is over for another year and it was a pleasant happy affair. We were pleased to cater to this nice group of ladies (and the Wardens) and the full-course turkey dinner seemed to be to their fancy. The evening of games arranged by Jean Wheeler and Louise Watson was fun and caused a good deal of merriment. Santa Leonard distributed the gifts and some of the old familiar carols sung. To the shut-in and ill members and those unable to be present for various reasons regrets were spoken. Mrs. Mary Oliver gave a short reading in her delightful Yorkshire dialect and a good time was had by all who ventured out on such a blustery cold evening.

This coming Thursday the Auxiliary will be putting on their Christmas party for the Residents of Hyland Crest when gifts will be distributed by Santa and his Helpers and refreshments served. It is hoped all Auxiliary Members will be on hand to help out and to see the happiness these folks show on this yearly event. Some of the Residents open their gifts immediately while others leave their parcels done up until Christmas morning.

Sorry to hear Mrs. Ethel Harrison is not feeling too well these days and trust she will be better and able to enjoy Christmas. Also sorry to hear that Mrs. Hazel Welch at Extendicare is failing. Both these ladies have been steady supporters of the St. Stephen's Guild over the years and were much missed at the Christmas party as both were so enthusiastic and good workers and supporters of the little Church. One misses the old familiar faces and there is a note of sadness each Christmas as those empty chairs are fondly set aside.

The Attridges and the Montgomerys arrived this weekend to prepare their cottages for family Christmas festivities and to try out their snowmachines. They enjoy the Winters almost as much as the Summers and have their places equipped to handle the cold.

With all the good advice and instructions laid out by Roy Bates in his column in the local papers regarding snowmachines surely there can be no real cause for stupid accidents again this Winter. Why do some riders still insist on using them like Stunt Machines, deliberately trying to kill themselves or others? They are great for getting around on for sure, but they were not meant for abnormal speeds, climbing mountains or turning somersaults, were they?

Christmas mail is sifting its way through, but evidently there is quite a hold-up in the Toronto Terminal. How come these same people get away with it every year at this time and leaves one guessing whether to mail cards and parcels or to hold them or to stop sending anything through the mail. High time the Unions were called to task for their strangle-hold on vital services. Pony Express took less time in some cases than some of the mail coming through from one point to another right here in Ontario.

A nice turn-out to St. Peter's Church Service on Sunday with several from St. Stephen's joining the congregation, and Mr. Gareth Kellett taking the service. Evidently next Sunday there is to be a Service of Introduction when our new Minister, The Rev. David Barker, will be on hand to take the service and to meet everyone. It is hoped there will be a good congregation from both churches as well as visitors to meet the Rev. Mr. Barker. This special service will be held at St. Peter's Maple Lake, at 1.30 pm on Sunday.

Dysart council concurred heartily this week with a Ministry of Housing proposal to increase the number of units in a low-cost housing project planned for the Haliburton Village area. Now proposed is a 23-unit program in place of the originally planned 13 housing

units.

Expected to be constructed in 1979, the houses will feature from three to five bedrooms each.

Although the project will represent an anticipated annual loss to the Province through low rents, the Municipality of Dysart will be expected to share 7.5% of this loss, which may possibly average \$600 in total a month, a Ministry representative Sydney Palmer told council.

'Most of this loss', said Reeve Murray Fearrey, 'will be recoverable by the municipality through grants received in lieu of taxes'.

Applicants wishing to live in the apartments will be rated on a point system, with monthly rents adjusted according to one's income. Several sites for the project are presently being considered in or near the village of Haliburton, but potential residents must wait at least another 18 months before they'll be able to move in.

\$3,400 damages in three accidents

Damages totalled over \$3,400 in three separate accidents last week.

In one Saturday afternoon, a car driven by Jerald Cooper, 30, of Minden, stopped on Highway 121 and was about to turn into a driveway, when an eastbound pickup truck driven by William Burch, age 53, also from Minden, came over a hill and slid into the rear of Cooper's vehicle. Damage to both vehicles totalled \$1,500.

Cooper was treated at Minden hospital for minimal injuries, then released.

Investigation by Provincial Constable Barry Connelly. Sunday afternoon, Peter Brittain, 20, of R.R. 2, Minden, was southbound on County Rd. #3 and attempting to enter Highway 503 when his car struck a westbound auto driven by George Hacker, 43, of Toronto.

No injuries were sustained but damages totalled \$800. Brittain has been charged with failing to yield.

Investigation by Provincial Constable Weldon Popp. Also Sunday afternoon, Cleveland Stamp, 48, of Minden, was northbound on Bobcaygeon Road when a car driven by Pearl Durant, 63, of Minden attempted a left hand turn from a private driveway into the path of the Stamp dump truck.

On attempting to avoid a collision, Stamp applied his brakes but lost control and slid into a southbound pickup truck driven by David Gartshore, 19, of Minden. No injuries were reported, but damages to the Stamp and Gartshore vehicles totalled some \$1,200.

Mrs. Durant has been charged with failing to yield from a driveway.

Investigation by Provincial Constable Al Barnes.

It's The Season For Stew

Busy housewife or working mother, you'll want to add this recipe for Beef and Vegetable Stew to your file. Reach for a packet of Good Seasons Italian salad dressing mix and add the contents right along with the water, beef broth and tomato sauce. Slow simmering produces a distinctive gravy which enhances both the meat and vegetables.

BEEF AND VEGETABLE STEW

2 pounds beef for stew, cut in cubes
4 tablespoons oil

2/3 cup chopped onions
2/3 cup chopped green pepper
2/3 cup sliced celery
2/3 cup condensed beef broth
1/2 cup water
1 can (8 oz.) tomato sauce
1 envelope Italian salad dressing mix
4 small potatoes, pared and halved
6 medium carrots, pared and cut in chunks
4 small whole white onions, peeled
1 tablespoon all-purpose flour
2 tablespoons water

Brown beef cubes, about one third at a time, in hot oil in a Dutch oven, removing browned meat from pan before adding more. Sauté onions, green pepper and celery in oil remaining in pan for about 5 minutes, or until tender. Return beef to pan. Add beef broth, 1/2 cup water, the tomato sauce and salad dressing mix. Bring to a boil. Reduce heat, cover and simmer 1-1/4 hours, stirring occasionally. Add potatoes, carrots and whole onions; simmer 1 hour longer, or until meat and vegetables are tender. Remove from heat; skim off excess fat. Blend flour with 2 tablespoons water. Stir into beef mixture. Cover and simmer 10 minutes or until thickened. Makes 6 servings.

About the Town

with Jeanne Sears

So, now we may have a complete Maf' Strike just before Christmas again, and who suffers the most-- of course we people away in the country far from the centres. Many of the workers say they do not wish to strike, wonder why they do. A good many people I have been talking to, say fire the whole group and start fresh, and most workers get about \$6 an hour or more.

Last Wednesday at noon librarians from the ten branches joined the staff of Haliburton County Public Library for their annual luncheon-workshop at Haliburton office. Year end reports were turned in and all enjoyed the social time. Watch for the hours posted at your branch library for holiday season. Minden Branch are closing the following dates, December 24, 26, 31 but will be open again January 2.

Murphy's Law of Perversity

Nothing is as easy as it looks,
Everything takes longer than you expect,
If anything can go wrong, it will.
If there is a possibility of several things going wrong, the one that will go wrong first will be the one that will do the most damage.
Left to themselves, all things go from bad to worse
If you work on a thing long enough to 'improve' it, it will break.
If you think everything will be OK, you have surely overlooked something.
Mother Nature always slides with the hidden flaw.
Mother Nature is a -itch.

Winners at the weekly Mini Card Party at the Parish Hall last Thursday afternoon were for bridge, Agnes Taylor, for cribbage Cora Hewitt and Ethel Leigh for euchre, lone hands Vera Fuller and Charlotte O'Neill and Harry MacMinn.

The Minden Figure Skating Club had a successful Bazaar and Bake Sale at the Progress office last Saturday and on the draw for the giant Panda Bear, winner was Kimberly Ann Robinson.

This Thursday at noon, Medley's Pizza Outlet beside Mike's Milk opens with Mickey Hamilton in charge. They will be open seven days of the week and will suit their hours to the demand. If you like pizza, take-out orders will be prepared for that special time or just as a treat.

Mr. and Mrs. Vern Graham of Ottawa spent the weekend with his mother, Mrs. James Graham.

Don't forget the rides for the children next Saturday morning at 11 am from the Municipal yard to Case Realty. Another project to procure funds for your new library.

The Women's Institute Christmas Party will be at the United Church Hall Wednesday, December 21 at 7.30 pm with exchange of gifts program and buffet lunch.

Mr. and Mrs. Fred Thorn left last week for a holiday in Scotland: wonder how much snow they get over there this time of year.

Do you think this is true***An Old-timer is a person who can remember when a baby-sitter was called MOTHER.

A favourite of mine

Little Boy kneels at the foot of the bed,
Drops on the little hands, little gold head,
Hush! Hush! Whisper who dares!
Christopher Robin is saying his prayers.
God bless Mummy, know that's right,
Wasn't it fun in the bath tonight?
The cold's so cold, and hot's so hot,
Oh, God bless Daddy---I quite forgot,
Oh! Thank you God for a lovely day,
And what was the other I had to say?
I said 'Bless Daddy; so what can it be?
Oh, now I remember it---God bless Me'.
Little boy kneels at the foot of the bed,
Drops on little hands, little gold head,
Hush! Hush! Whisper who dares!
Christopher Robin is saying his prayers.
A.A. Milne.

Don't forget to visit your Recreation Centre next weekend; there is a game Friday night, our Juveniles against Cannington. Then Saturday afternoon and evening from 2 and Sunday, following Public Skating starting at 4.30. These last are Tri County. It is surely fun to follow and watch these youngsters who give their best efforts.

Anne and John Rockory have just returned after a holiday in the Maritimes.

Cheerio until next time.

NOTICE

In the matter of The Municipal Act and in the matter of a proposed by-law of the Corporation of the Townships of Anson, Hinton and Minden to stop up, close, divert and sell part of a certain road allowance between lots 4 and 5, Concession A, Township of Minden. NOTICE IS HEREBY GIVEN pursuant to Section 446 of the Municipal Act, R.S.O. 1970 that the Municipal Council of the Corporation of the Townships of Anson, Hinton and Minden proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Minden Municipal Council Chambers, Milne St., Minden, Ontario on WEDNESDAY, the 14th day of DECEMBER, 1977, a by-law to stop up, close and divert and sell a part of the following:

Firstly:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Minden in the Provisional County of Haliburton, being composed of part of Lots 4 and 5, Concession A, in the said township, and which said parcel or tract of land is more particularly described as follows:
PREMISING that the bearings herein are astronomic, derived from the Westerly limit of the said Lot 4, having a bearing of North 21 degrees, 17 minutes West, as shown on Plan 19R-1081.

COMMENCING at the North Westerly angle of the said lot 4;
THENCE South 21 degrees 17 minutes East, 60.47 feet to an iron bar;
THENCE North 69 degrees 08 minutes 45 seconds East, 68.8 feet;
THENCE North 36 degrees 37 minutes East, 212.3 feet to an iron bar;
THENCE North 18 degrees 41 minutes West, 80.27 feet;
THENCE South 36 degrees 37 minutes West, 238.76 feet;
THENCE South 69 degrees 08 minutes 43 seconds West, 50.02 feet to a point in the Westerly limit of the said Lot 5;
THENCE Southerly along the aforesaid Westerly limit on a course of South 20 degrees 51 minutes East, 5.53 feet to the Point of Commencement.

Secondly:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Minden in the Provisional County of Haliburton, being composed of part of Lot 5, Concession A, in the said township, and which said parcel or tract of land is more particularly described as follows:
PREMISING that the bearings herein are astronomic, derived from the Westerly limit of Lot 4, Concession A, having a bearing of North 21 degrees 17 minutes West, as shown on Plan 19R-1081.

COMMENCING at a point which is distant 238.76 feet measured on a course of North 36 degrees 37 minutes East from a point which is distant 50.02 feet measured on a course of North 69 degrees 08 minutes 45 seconds East from a point in the Westerly limit of the said Lot 5 which is distant 5.53 feet measured Northerly thereon on a course of North 20 degrees 51 minutes West from the South Westerly angle thereof;
THENCE North 36 degrees 37 minutes East, 354.26 feet;
THENCE South 20 degrees 51 minutes East, 78.28 feet;
THENCE South 36 degrees 37 minutes West, 357.88 feet to an iron bar;
THENCE North 18 degrees 41 minutes West, 80.27 feet to the Point of Commencement.

WHICH SAID parcels or tract of land may be further illustrated, shown outlined in red on a plan of survey by Paul Wilson, O.L.S., dated November 1, 1977, and hereunto attached.

AND FURTHER TAKE NOTICE that before passing the said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Council, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED at MINDEN this 23rd day of November, 1977.

Mrs. Elinor Burke, A.M.C.T.
Clerk-Treasurer

ROY BONISTEEL — MAN ALIVE

Roy Bonisteel, host of Man Alive, is back for his tenth season with the popular series. The secret of the program's success lies in what has been called "a mixture of current events, long-rang- ing problems, electronic analysis and spiritual fulfillments." Bonisteel says "Man Alive is exciting and controversial, touching on the full human experience without institutional boundaries." It is telecast on CBC-TV, Monday nights at 10:30.

Forest management gets assist from firewood boom

Public demand for permission to cut firewood on Crown Lands in Algonquin Region has more than doubled in the past year, a Natural Resources spokesman reported recently.

The most dramatic growth in demand was evident in Bracebridge, Minden and Parry Sound districts where increases of 404%, 254% and 187% respectively were noted, while the districts of Bancroft (97%), Algonquin Park District (66%), and Pembroke (3%), showed lesser gains.

The low growth figure for Pembroke District is somewhat misleading because of the tendency in that area for groups of people to pool their resources and harvest more firewood on fewer licences. Social units comprised of families, neighbours, co-workers, and military personnel based in the area find this method safer, more enjoyable, and more productive as evidenced by their harvesting in excess of 4000 cords---more than half the regional total.

Many people are unaware that low cost licences to cut firewood on Crown land are available at district offices of the Ministry of Natural Resources in Algonquin Re-

gion.

The Ministry adds emphasis to this point due to the reported increase in the incidence of theft of firewood from private lands. At current Ministry prices per full cord, the risk is needless. A full cord of firewood measures 4 feet high by 8 feet long (plywood sheet size) by 4 feet wide.

Natural Resources officials say that persons seeking firewood licences come from all walks of life and represent all income groups. Weekend checks have found the executive, enslaved to the insatiable appetite of his new fireplace, working cheek by jowl with an army corporal, a housewife, or a garage mechanic.

As one District Manager put it, 'Most people are cutting fuelwood for a combination of reasons, firstly necessity of maintaining a fuel supply for newly acquired fireplaces, stoves and furnaces and secondly to engage in a wholesome outdoor activity. No doubt the energy crisis has played a large part also. As one hardware merchant noted, 'Sales of wood stoves are roughly doubling every year! I'm even selling coal now in 50 pound crates!' One fact is certain, though,

The current demand for fuelwood in the view of most foresters is the best thing to happen to them since sliced bread.

As one young forester recently noted, 'Finding this new market (firewood) for disfigured, diseased and unmerchantable trees will help me to vastly improve the overall quality of my forest stands--and within my own lifetime!'

Foresters haven't been that optimistic for sometime.

MINDEN BANTAMS TAKE IT ALL

Minden took it all in a day-long Bantam Tournament at Minden Arena last Saturday. The home town Bantams started the tourney in fine style, soundly defeating Bobcaygeon 4-1 in the tournament opener.

Minden spotted Bobcaygeon a 1-0 lead and then came back with four goals, Harold Porter potting two with singles going to Ivan Ingram and Ronnie Yake. Scott Arbutnot picked up two assists while Ronnie Yake collected two assists for a three-point game.

The second game of the tournament between Haliburton and Woodville was a hard fought contest that ended in a 1-1 tie with Woodville awarded the win because they scored the first goal of the game.

The third game was a wide open affair between Omeme and Port Carling with ten goals scored. Omeme came away the victors with a 6-4 decision over Port Carling.

Meanwhile, Uxbridge took on Leaside and walloped their opposition 7 to 2 in a no-contest affair dominated by Uxbridge from beginning to end.

In their second game of the tournament Minden downed a scrappy Woodville team 3-0 in a well-played game. Ron Yake, Harold Porter and Shawn Chapman were the Minden marksmen.

A close contest saw Bobcaygeon eke out a 2-1 decision over a stubborn Haliburton team for Haliburton's second tough loss.

Port Carling then advanced to the Consolation final with a 3-1 decision over a disheartened Leaside team.

This left Port Carling and Bobcaygeon to battle it out for the Gord Monk Consolation Trophy. Bobcaygeon out-playing Port Carling to come up with a 2-0 win. Joe Besset, the Port Carling netminder, was in a shooting gallery for much of the contest and was awarded a trophy for his effort, despite being on the losing end of the score.

Minden and Omeme then took to the ice to decide the

RONNIE YAKE (9) POTS ONE FOR MINDEN

GORD MONK PRESENTS CONSOLATION TROPHY TO BOBCAYGEON CAPTAIN

championship and the recipient of the Watson Yake trophy.

Both teams put on one heck of a performance for the fans taking in the game, as both teams were determined to win and fought hard. Minden opened the scoring and it looked as if it might stay that way but Omeme

kept pace with the hometowners and scored the equalizer in the third period. Minden and Omeme came close many times in the 3rd but neither team could find the range till Harold Porter decided the contest late in the third, giving Minden the championship in an excellent hockey game.

"Calamity", but Mitget A's tie any

Minden Midget A's played two games last week, winning one and tying the other. In one game they travelled to Woodville last week and despite many difficulties, came away with a tie 3-3.

First thing to go wrong for the Midgets was no sweaters or socks. In order to play they had to borrow the sweaters while Bailey Ham-

ilton's goalie equipment was in the back of a car 100 miles away and headed in the wrong direction. Then too, Brian Shaw couldn't play because of a game suspension, while Dan Allison is out for an indefinite period due to knee surgery. To top things off Minden only had nine players to ice for the game.

Somehow, through all the calamity Minden managed a tie with Minden goals going to Tim Davies with two while Paul White collected a single marker. In the second outing things were much more organized and Minden played a sound game of hockey taking a 4-2 decision over Little Britain. Brian Shaw scored

1000 Lakes Bowling News by Joan Deyall

THE SUNBEAM SHOES HIGH LOW DOUBLES

There are only three more weeks for you and your partner to stay in the Sunbeam High Low Doubles Tournament. All must be eliminated except one couple from each league. If more than one couple are still in on the eighth night, then the pair with the most over their average will be the winners.

THE CARLING O'KEEFE 210 AND UNDER

The Carling O'Keefe 210 and Under will be bowled at Carnarvon Lanes on your regular night of bowling and during the first week in January. If you are an average to poor bowler, don't miss your chance to go in this Carling O'Keefe tournament. You have a real good chance of winning when your special handicap is added onto your score. All bowlers with a 210 or over average or who are under the age of 18 are not eligible to participate in this tournament.

ment.

1000 LAKES MIXED COUPLES TOURNAMENT

Another up and coming tournament in the New Year is the 1000 Lakes Mixed Couples tournament. It was decided by 1000 Lakes to follow up the Mr. and Mrs. Tournament with a His and Hers. All couples are welcome to participate as long as they are NOT married. This tournament is open to all 1000 Lakes members at a cost of \$5 per couple plus lineage. Your handicap will be 80% of 225 plus or minus and you will bowl four games.

The house rounds will be bowled sometime before January 15, 1978 and the zone round will be on January 22 at Bancroft. At the zone level there will be the Red & White annual trophy awarded to the top couple plus many cash awards.

If you wish to participate or want further particulars, contact Ron Robinson Sr.

CALLING ALL SPORTS

with
Myke Harrison

Last week while watching the hockey game at our local arena I thought I would take a small survey of fans opinion on whether they came to a hockey game to watch a good game of hockey or were drawn to the game for the fights. Here's what I found.

Reg Crego of Kinmount stated that fights don't prove anything and don't belong.

Mrs. Donna Barbour of Fenelon Falls wanted to watch a good played hockey game and did not think fights were necessary.

My own opinion is that while I do not condone fighting in the least, fights in hockey will always be a part of the game. But there will be times when fights will occur due to frustration or hard hitting during the game. As far as I know we have never previously had 3 referees officiating in a Minden Minor hockey league game, but last Sunday the three referee system was used in a game between Minden Midget Bs and Fenelon Falls. Gordon Monk, the referee in chief decided to go with 3 officials after he had received complaints over a previous encounter between Minden and Fenelon Falls.

The game was hard-hitting as most games are when these two teams meet, but the officials kept the game under control and I should know because I was the third official. The other officials were Larry Card and Ron Smith. I myself had a problem with face offs on two occasions. The first occurred when I dropped the puck while the other two officials were at the penalty box giving out a misconduct.

The second was late in the game when I dropped the puck for a face off but a Fenelon Falls player was the only one to take the face off. Then to compound things when I went to retrieve the puck I stepped on it and fell. Such is life for this referee.

Tri County action

Coltman breaks leg as Peewees lose

Minden's PeeWee B's hosted Fenelon Falls in a well played game last Sunday with the Fenelon Falls squeaking out a 4-3 decision. Unfortunately for the PeeWees, Jim Coltman sustained multiple fractures to his leg as he crashed into the boards in an attempt to take the puck out of harms' way in front of his team's net.

For most of the game Minden kept coming from behind to keep the game close

throughout.

Eventually they tied it all up at 3-3 midway through the third, only to see Fenelon regain the lead in the late stages of the game. Tom Closs scored the hat trick to give Minden its three goals, but had excellent supporting cast including the duo of Scott Danilko and Tracy Nesbitt.

MIDGET B's

In other Tri County action

last Sunday, Minden's Midget Bs and Fenelon Falls tangled at the Minden Arena where they battled to a 2-2 tie.

Both teams came out to play hockey in the familiar robust style they are known for.

As a result the lead changed hands several times during the game, with Fenelon having a slight edge in territorial play. But Minden kept chipping away at Fenelon and came

back to gain a tie.

Minden goal scorers were Warren Mann and Dennis Stribbling.

BANTAM B's Meanwhile the Bantam B's hosted Cannington at Minden Arena this past Sunday and also came away with a 3-3 tie.

In the entertaining hockey game, Cameron Monk scored twice with a single to Joe McMinn from Andy Priestol as the Bantams continue to improve.

Len's Bottoms Up take 13-point lead

by Ida MacLachlan

The team standings in the Dorset Mixed league as of last Thursday are as follows: Len's Bottoms Up well in the lead with 60 points; Leita's What Nots and Ron's Easy Riders tied with 47 points. Richard's Hookers are next with 42, Cheryl's So Whats' with 39 and Mary's BoCats with 38.

The high single flat for the men shows Bob Webb 288, Boyd Griffen 283 and Ron Richardson 269.

The Ladies high single flat: Mildred Richardson 345, Linda Baker 297, Annie Griffen 280.

The high triple for the men: Bob Webb in the lead with 695, Boyd Griffen 677, Richard Keown 670.

For the ladies high triple: Mildred Richardson 757, Diane Griffen 677 and Barbara Burk 665.

Three couples are still standing for the 'High Low Double' contest.

Tuesday Mixed start second series

by Ida MacLachlan

The Tuesday Mixed bowling league is now in its second series.

The Huskies are in the lead with 50 points, Tuesday Terrors next with 43, Over-size Specials 42, Tornados 40, Charlies Angels 35 and the Muppets on the bottom with 33 points.

The top 10 averages for the men and ladies stand as follows: Ron Robinson 217, Cliff Burke 208 Ed Cox 206, Dan Harding 202, Rick Harding 193. The ladies high is Marnie Robinson 204, then Audrey Fountain 190, Marlene Cook 18, Lil Martin 184 and Debbie Harding 181.

The men's high scores flat are led by Ron Robinson's

315, then Fred Cox 311 and Cliff Burke 291. The ladies high single flat is Eva Sills 28, Marlene Cook 273, Marnie Robinson 268 and Barbara Allison 265.

The men's high single with handicap are Fred Cox 361, Al Demchuck 323, Ron Robinson 317. The ladies high single with handicap are Eva Sills 331, Barb Allison 310 and Linda Thorpe 308.

The men's high triple flat: Ed Cox 732, Cliff Burke 730 Ron Robinson 715. The ladies high triple flat: Marlene Cook 698, Debbie Harding 659 and Lil Martin 625.

The men's high triple with handicap: Fred Cox 864, John Muice 817, Al Demchuck 83, and the ladies high

Minden Juveniles bomb hapless Beaverton 13-0

Minden Juveniles bombarded a hapless Beaverton second Juvenile team 13-0 last Friday in Minden.

Beaverton came on the ice with only six players in all, including their goal keeper who was immediately shell-shocked by the barrage from Minden sharp shooters that had the visiting team down 3-0 after the first five minutes of play.

Minden continued to keep the puck in the Beaverton end and fired 5 more goals past the bewildered Beaverton net minder before the first frame ended.

Three more players showed up for Beaverton for the second period but were of little help as the Minden Juveniles fired two more into the visiting goal before the second period was over.

In the third Minden again did not let up and three more goals found their way into the opposition's net.

triple with handicap: Linda Thorpe 796, Debbie Harding 785 and Joanne Robinson 739.

Three couples still remain in the High Low Doubles tournament.

Minden goal scorers were Steve Davies with 3, Dave Brown with 2, Al Clements with 1, Kevin Newell had one tally, Tim Bain added 2, Bill Hogg potted one marker, Steve Potter added two while Jim Houge also added a single.

Jim also sustained a sprained thumb during the one-sided contest.

Mike Bird and Keith Harrison split the goal tending duties and had a harder time staying awake than playing goal.

Bowling Hi-Lo Action

As of a week ago Tuesday night there were only three couples remaining in the Hi-Lo competition. These are Eddie Cox and Marlene Cook, Bob Mangol and Mary Wilson and Dorothy Anne Robinson and Jean Scott.

Split spares do not happen very often and some bowlers never make them, but at the Carling O'Keefe Open two weeks ago, Marnie Robinson, Bill Zors, Eddie Cox and Steve Barker came up with these unusual spares.

Duke Ellington's real name was Edward Kennedy Ellington.

TALK

A weekly Progress feature in which persons picked at random comment on some current topic of the day

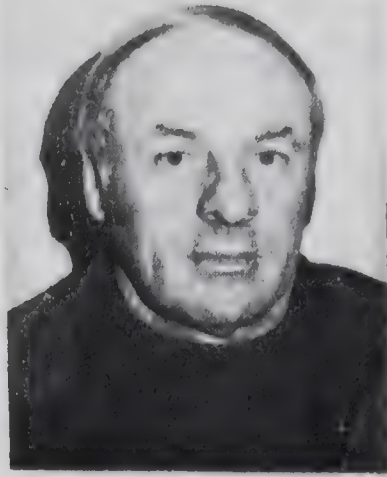

Three months ago, our roadside mileage and speed signs were converted to the metric system, kilometers replacing miles. So our question this week is: Now that you've had some time to adjust to our new metric road signs... how do you feel about them?

by Don Wolfralm

GORD MONK
JOHN WELCH & SON
MINDEN

It has been inconvenient, and I'd like to know how much these changes have cost. A lot of good highway signs went into the garbage. Also, we're between the devil and the deep blue on mileage rates, a further inconvenience...and they call this progress! If changing to metric creates more jobs I'd be for it. However it's not jobs that are being created - just inconvenience.

RON GAMBELL
GAMBELL MOTORS
MINDEN

I was against changing to metric, but the 1978 cars I'm driving now not only register both, but kilometers are the main figures shown with mileage secondary. With these changes, I don't mind it as much as I did.

ED PRITCHARD
ED'S TAXI
MINDEN

It's a waste of time and money, especially right now when money is tight and the economy is in such poor shape. I haven't experienced any problems with it in my own driving, being a cab operator, but many other drivers have.

WIM MAGEE
WEST GUILFORD
O.P.P. CONSTABLE

I'm not personally aware of any problems motorists may be having adjusting to kilometer signs. Most people know the distance they have to travel and are familiar with existing speed limits in those areas. As far as police officers are concerned they have had to re-think both speed and distance in metric terms.

ALONG THE TRAILS

with
Roy Bates

TO SELL OURSELVES

As we enter a new busy season in the development and maintenance of snowmobile facilities, the Haliburton County Snowmobile Association pauses to take a brief look at its aims and objectives. As one who has occupied a seat at the boardroom table since the first organizational meeting, I have watched this exercise repeated numerous times. In nearly seven years of operation, these aims have changed very little but this annual re-dedication renews the strength of the board enabling it to better meet the challenges of an ever-expanding endeavor.

What the H.C.S.A. is doing now follows very closely the blueprint for progress laid down by the interim executive in the Spring of 1971. Stated simply, that is the development and improvement of snowmobile trails, promotion of safety and common sense in snowmobiling to improve the snowmobiler's image, and co-operation with the business community to attract winter commerce.

Success did not come easy. There were many who said the formula wouldn't work. Others gave it a short try before giving up. But there were a few who had faith in the idea and dedicated themselves to making it work. Faces changed frequently around the table, some visiting so briefly that we barely remember them, while others settled in to do long and active service. Here are several of the dedicated ones and their viewpoints as I recall them.

The H.C.S.A. was the brainchild of R. Carman Wright, marina proprietor and merchant, who was at the time President of the local Chamber of Commerce. Said Carman: 'The snowmobile has brought a new recreation industry to Haliburton. We can now promote Winter as well as Summer. A county-wide association in which businessmen will support and assist the efforts of snowmobilers to improve riding opportunities for themselves will speed the development of this new industry. We must not allow other tourist regions to move ahead of the Haliburton Highlands'.

Pat Waddell, manager of the county's first commercially operated trail facility, and the Association's first President: 'Development of good public trails cannot hurt my company's business. On the contrary, what is good for the county as a whole has got to be good for every business in it. We are pleased to enroll as the Association's first Commercial Member'.

Stephen Berry, snowmobile sales, has served the H.C.S.A. at various times as Vice President, as Secretary, as Treasurer and is always at the head of some active committee: 'Good maps, trail signs and grooming will stimulate interest in our trails and assure the return of winter tourists. Bumpy trails will send them to other regions'.

Bob Jennings, resort proprietor, Past President, membership Chairman: 'Members are the strength of any organization. To stimulate a healthy membership we must offer incentives to join. For the snowmobiler, better trails exciting events, and an informative newsletter. For businesses, an effective promotional campaign that will benefit them'.

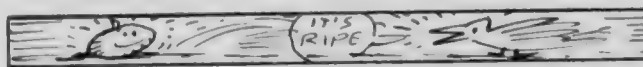

Brian Hunter, mechanic, director. 'People want to enjoy their outings, on safe, smooth trails to interesting places. A portable barbecue pit would make club cook-outs more practical'. Brian has built one! It is waiting to be christened.

Jim Solway, Police Officer, current President: 'We have earned the position of the Number One Club in the Province. We must protect that position by being Number One in quality as well as quantity. The image of the snowmobiler is reflected by our actions'.

Ken Fielding, Past President and the Association's first Manager: 'We have come a long way in recent years but we cannot rest on our laurels. Last year's budget of more than \$30,000 was small to what we will be spending in the future. It is imperative that we begin now to develop our programs for two years down the road. The ways and means of meeting future needs should be a prime consideration'.

And here are my own comments: 'Snowmobile organizations such as the Haliburton County Snowmobile Association are the backbone of the snowmobile industry. Organized snowmobilers have launched successful counter-attacks against adverse publicity, against unpopular legislation, against careless operators in their midst. Organized snowmobilers have presented a clear case for snowmobiling, to such august bodies as the Select Commi-

tee and the Trails Council, resulting in very favorable recommendations from these groups and virtually assuring Government action to protect the snowmobiler's rights and interests. Snowmobile organizations have developed some 22,000 miles of snowmobile trails in Ontario, with the majority of these regularly groomed. I am personally proud of the record of achievement of snowmobile organizations and pleased to be a part of it'.

You can tell a fresh cranberry is really ripe when it bounces.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF A proposed By-law of the Corporation of the Township of Lutterworth to stop up, close and convey parts of the original allowance for road between Lot 17, Concession 6, and Lot 17, Concession 7, in the Township of Lutterworth.

NOTICE IS HEREBY GIVEN, pursuant to Section 443 of The Municipal Act, R.S.O. 1970, as amended, that the Council of the Corporation of the Township of Lutterworth proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Council Chambers on Highway No. 35, 3 miles south of Minden, on Monday, January 16th, 1978 at 10.00 am., a by-law to stop up, close and convey the following lands:-

Firstly

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Lutterworth, in the Provisional County of Haliburton, being composed of part of the original allowance for road between Lot 17, Concession 6, and Lot 17, Concession 7, in the said Township, and which said parcel or tract of land is more particularly described as follows:-

PREMISING that the bearings herein are astronomic, derived from the North Westerly limit of Part 1, Plan 19R-1465, having a bearing of North 27 degrees 16 minutes 35 seconds East.

COMMENCING at the North Westerly angle of the said Lot 17, Concession 6;
THENCE North 20 degrees 56 minutes West, 66.02 feet to the South Westerly angle of the said Lot 17, Concession 7;

THENCE North 67 degrees 49 minutes 30 seconds East along the Southerly limit of said Lot 17, Concession 7, a distance of 8.14 feet to a point in the Southerly limit of The King's Highway Number 35;

THENCE South 80 degrees 04 minutes East, 39.55 feet to an iron bar;

THENCE South 07 degrees 20 minutes East, 10.0 feet to an iron bar;

THENCE North 82 degrees 40 minutes East, 13.08 feet;

THENCE South 27 degrees 16 minutes 35 seconds West, 49.17 feet to an iron bar in the Northerly limit of said Lot 17, Concession 6;

THENCE South 67 degrees 49 minutes 30 seconds West along the aforesaid Northerly limit, 87.79 feet to the point of commencement.

Secondly

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Lutterworth, in the Provisional County of Haliburton, being composed of part of the original allowance for road between Lot 17, Concession 6, and Lot 17, Concession 7, in the said Township more particularly described as follows:-

COMMENCING at an iron bar situated North 20 degrees 56 minutes 10 seconds West, 33.01 feet from the North West corner of the said Lot 17, Concession 6;

THENCE South 20 degrees 56 minutes 10 seconds East, 33.01 feet to the North West corner of the said Lot 17, Concession 6;

THENCE South 69 degrees 49 minutes 30 seconds East, 547.13 feet to the intersection with the Northerly limit of Part 7 according to Plan P-2789-41 filed by the Department of Highways, Ontario, on the 19th day of December, 1968, as Instrument Number 42942;

THENCE South 82 degrees 40 minutes West, 257.49 feet to the intersection with the Easterly limit of Part 8 according to the said Plan No. P-2789-41;

THENCE North 69 degrees 49 minutes 30 seconds East along the Westerly limit of the above-noted original allowance for road to the North East corner of the said Lot 17, Concession 7;

THENCE South 20 degrees 56 minutes 10 seconds East to the point of commencement.

A copy of the surveys for the above-noted parcels of land is attached to the proposed by-law.

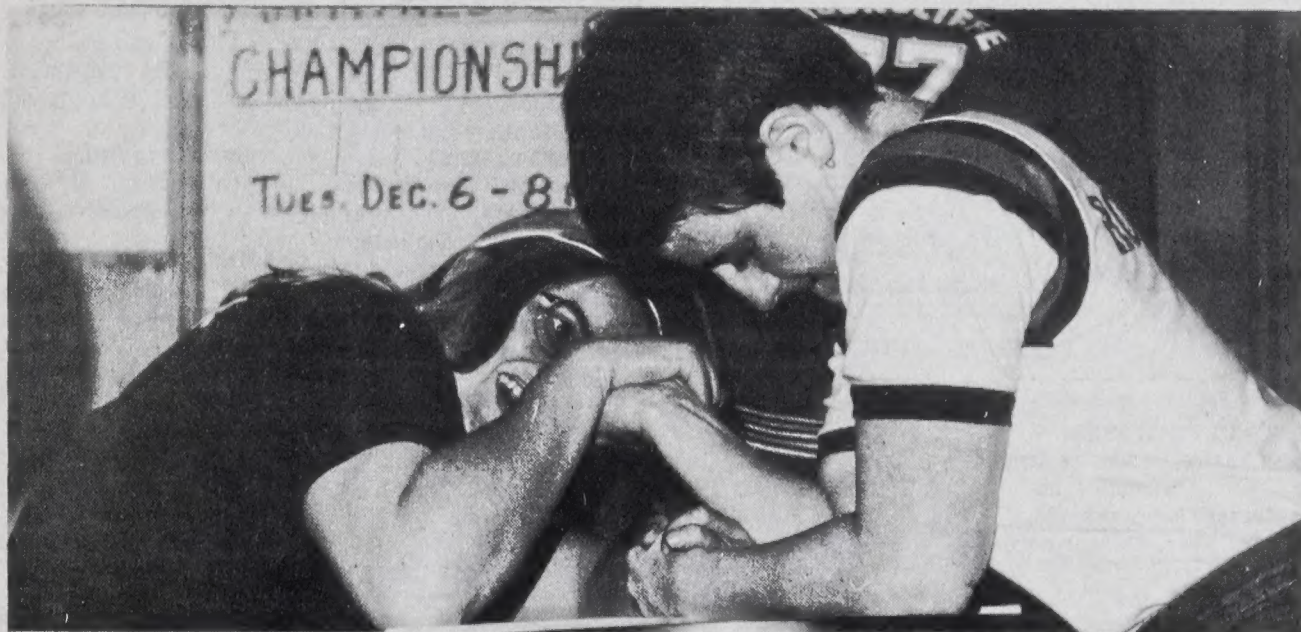

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth shall then and there hear in person or by his or her Counsel, Solicitor or Agent, any person who claims that his or her land will be prejudicially affected by the said by-law and who applies to be heard.

DATED at the Township of Lutterworth this 28th day of November, 1977.

Mr. Wayne Hughes,
Clerk-Treasurer,
P.O. Box 176,
Minden, Ontario.

TABLE-TOP COMBAT!

It was a contest of sheer brute strength, as muscles tensed in table-top combat between the beautiful contestants vying for the ladies armwrestling championship at the Rockcliffe last Tuesday night. To a background of groans and cheers, Lynda Irwin of Sir Sandford Fleming College, Lindsay, fought her way to the championship, defeating Lyn Winans of Minden in the final match. Consolation winner was Jan Fitchett of Minden, who defeated Sandy Willis, also of Minden, in the runner-up match.

Motorists obstructing snow-removal park at own risk

The O.P.P. is again reminding motorists that during the winter months, problems are created when drivers park their vehicles on highways and municipal-county roads, rather than in their driveways. This practice makes it difficult for the snow plows to properly clear off the roads and their shoulders, and the parked vehicles can then become a hazard to other vehicles using the roads as well. This is particularly true on municipal and county roads where snowmobiles are permitted to operate. What does the law tell us?? A section of the Highway Traffic Act advises that 'No person shall park or stand a vehicle on a highway (or any road) in such a manner

as to interfere with the movement of traffic or the clearing of snow from the highway'. The same section also says that: 'any vehicle found parked or standing in the above manner may be towed away and stored in a suitable place and all costs and charges for removal, care and storage are the responsibility of the owner of the vehicle'. If your vehicle is towed away you will have to pay the tow bill before you get your vehicle back, and you may receive a fine as well. So motorists...the risk of parking on snow-covered routes is not only great, but could prove to be very expensive, the O.P.P. warns.

REYNOLDS - In loving memory of my Dear Son Larry who passed away suddenly on Dec. 17, 1975. In a quiet country cemetery Where the gentle breezes blow Lies a Son I loved so Dear-ly And lost two years ago. I do not need a special day To bring Larry to my mind For the days I do not think of him Are very hard to find. Sadly missed and always loved by his Mother Mabel.

REYNOLDS - In loving memory of a dear husband, Larry Reynolds who passed away Dec. 17, 1975. There is always a face before me A voice I would love to hear A smile I will always remember Of a husband so dear. A cluster of beautiful memories Sprayed with a million tears Wishing God had spared you For many more happy years. Softly at night the stars are shining On a lone and silent grave Where they laid my dear husband Whom I loved and could not save. When I cease to think of you Will be when God has called me too. Always loved and remembered by wife Sharon and children Kelly and Corey. 772-1p

Food Sense in Canada—NO NONSENSE

YOU ARE WHAT YOU EAT

Food is the basis of life. It is the source of health and well-being, gives you the energy you need for everyday living, affects your weight and height and even your strength to a great extent. In other words, everything in life begins with food and there is much to the saying, "You are what you eat."

The Bakery Foods Foundation of Canada's nutrition consultant, **Joan Fielden**, says, "Food is what you eat, nutrition is how your body uses the food. And if you aren't eating foods to meet your body needs, you may be suffering from poor nutrition."

Food contains protein, carbohydrates, fats, vitamins, minerals and water. All of these are nutrients, that is they nourish the body. Since food is vital, you need to know about the nutritive content of the foods which ones are the best sources of the various nutrients, and how to combine them into a healthful balanced diet.

There is a great deal of talk about a particular group of nutrients, vitamins. Vitamins are a very important but it should be noted that vitamins do not create energy or build tissue—the substance of the body—by themselves. Many of them are involved in the release of energy within the body and in the process of tissue-building. Some of them control the ways the body handles food. There are a number of different vitamins and they are found in different foods in varying amounts.

So food contains nutrients, some more than others, and it is important to select the combinations of food that will give you the nutrients you need.

The important thing to remember is that no one food does everything and all foods have something to offer. A variety of different types of food will provide all the nutrients most of us need.

There are 35 parts of salt in every 1,000 parts of sea water.

Advertising helps you to know.

ONLY YOU CAN GIVE THE GIFT OF LIFE!

The Community Services Branch of the Ontario Provincial Police has a variety of functions. One of these is to present a true image of the O.P.P. with the aim of improving public attitudes towards police. And just a week ago the O.P.P.'s Staff Sergeant 'Robbie' Robson of the force's General Headquarters in Toronto was in Minden to do just that. It was a public relations gesture and one that the 50-odd guests present from across Haliburton County found interesting, informative and enjoyable. A bit of a smoothy, but truly a diamond in the rough 'Robbie' combined a facts-loaded patter, with which he is obviously well-familiar, with movies and slides to outline the work and aims of his branch. The 103 man Community Services

Branch is primarily involved in liaison with the general public, crime prevention and safety. From the dissemination of public information information feedback and special events and displays to public education, school classroom visits and answering complaints, this branch of the O.P.P. works long and hard to promote safety, prevent crime and keep the public informed. Above, Staff Sergeant Robson discusses the afternoon's presentation with local and District 8 officers (left to right): Wlm Magee, Community Services officer, Minden; Sergeant Arnold Besteman, Minden Detachment Commander, 'Robbie' and Corporal Fred Goody, Community Services coordinator for Number 8 District, Peterborough.

"Any man who sez he has been et by a wolf is a liar."
Sam Martin, a celebrated Canadian trapper (c. 1900)

Getting along together is important.

This is what Ontario is doing to help develop understanding between people.

As our society grows more diverse, community tensions may arise from time to time. Our responsibility is to help individuals, groups and communities resolve any difficulties that may occur, and reduce tension so that greater understanding and respect may be reached.

The Ontario Human Rights Code is designed to assure the rights and dignity of all persons without regard to race,

creed, colour, nationality, ancestry, place of origin, age (40-65), sex and marital status.

In addition to investigating and mediating complaints of discrimination in such areas as employment, housing, public services and facilities, job advertisements and the posting of signs and notices, the Ontario Human Rights Commission works for healthier relations between groups at the community level.

Community counselling is one of the major roles of your Ontario Human Rights Commission. We endeavour to break down communication barriers among groups by working together with agencies, institutions and the community itself. By explaining both the rights and responsibilities of all residents in this province, we believe that the aims and the objectives of the Code can be achieved.
